

## Chapter V

### DEMOGRAPHIC PROFILE OF THE RESPONDENTS

This chapter discusses the respondents' demographic structure working at various organizations. The demographic structure of a respondent consists of his/her age, gender, marital status, experience level and monthly income. The frequency distribution of the respondents based each demographic variable is given in this chapter.

#### 5.1 Frequency Distribution of Coaches based on Gender:

The frequency distribution of coaches working at government sector and private sector organizations on the basis of their gender are given in the table 5.1 and table 5.2 respectively:

**Table: 5.1**

#### Gender wise Distribution of Coaches working at Government Sector Organizations

S. No.	Gender	SDAT		SAI		Public Sector Undertakings	
		n :65	%	n:20	%	n:36	%
1	Male	57	88%	17	85%	32	89%
2	Female	8	12%	3	15%	4	11%

*Source: Primary Data*

It is inferred from the Table 5.1 that,

- i) a majority (88%) of the coaches from the SDAT are male and the remaining 12% of them are female,
- ii) a majority (85%) of the coaches from the SAI are male and the remaining 15% of them are female and

- iii) a majority (89%) of the coaches from the Public Sector Undertakings are male and the remaining 11% of them are female.

**Table: 5.2**  
**Gender wise Distribution of Coaches working at Private Sector Organizations**

S. No.	Gender	Sports Academies		Sports Clubs		Educational Institutions	
		n :36	%	n:36	%	n:43	%
1	Male	32	90%	37	86%	37	92%
2	Female	4	10%	6	14%	3	8%

*Source: Primary Data*

It is inferred from the Table 5.2 that,

- i) a majority (90%) of the coaches from Sports Academies are male and the remaining 10% of them are female,
- ii) a majority (86%) of the coaches from Sports Clubs are male and the remaining 14% of them are female and
- iii) a huge majority of the coaches from Educational Institutions are male and remaining 8% of them are female.

## **5.2 Frequency Distribution of Coaches based on Age**

The frequency distribution of coaches working at government sector and private sector organizations on the basis of their age are given in the table 5.3 and table 5.4 respectively:

**Table: 5.3****Age wise Distribution of Coaches working at Government Sector Organizations**

S. No.	Age	SDAT		SAI		Public Sector Undertakings	
		n :65	%	n:20	%	n:36	%
1	Up to 25 years	8	12%	-	-	2	6%
2	26 – 35 years	43	66%	8	40%	18	50%
3	Above 40 years	14	22%	12	60%	16	44%

*Source: Primary Data*

It is clear from the table 5.3 that,

- i) more than half (66%) of the coaches from SDAT belong to the age group of 26-35 years, 22 percent of them belong to the age group of above 40 years and the remaining 12 percent of them belong to the age group of up to 25 years,
- ii) more than half (60%) of the coaches from SAI belong to the age group of above 40 years, the remaining 40 percent of them belong to the age group of 26-35 years and no coache from SAI belong to the age group of up to 25 years,
- iii) Exactly half (50%) of the coaches from public sector undertakings belong to the age group of 26-35 years, 44 percent of them are belong to age group of above 40 years and the remaining 6 percent of them belong to the age group of up to 25 years and.

**Table: 5.4****Age wise Distribution of Coaches working at  
Private Sector Organizations**

S. No.	Age	Sports Academies		Sports Clubs		Educational Institutions	
		n :36	%	n:36	n :36	%	n:36
1	Up to 25 years	6	17%	5	12%	6	15%
2	26 – 35 years	17	47%	22	51%	18	45%
3	Above 40 years	13	36%	16	37%	16	40%

*Source: Primary Data*

It is clear from the table 5.4 that,

- i) nearly half (47%) of the coaches from sports academies belong to the age group of 26 -35 years, 36 percent of them belong to the age group of above 40 years and the remaining 17% of them belong to the age group of 25 years and below,
- ii) more than half (51%) of the coaches from sports clubs belong to the age group of 26-35 years, 37 percent of them belong to the age group of above 40 years and the remaining 12% of them belong to the age group 25 years and below.
- iii) nearly half (45%) of the coaches from educational institutions belong to the age group of 26-35 years, 40 percent of them belong to the age group of above 40 years and the remaining 15% of them belong to the age group of 25 years and below.

### 5.3 Frequency Distribution of Coaches based on Marital Status:

The frequency distribution of coaches working at government sector and private sector organizations on the basis of marital status are given in the table 5.5 and table 5.6 respectively:

**Table: 5.5**

#### **Marital Status wise Distribution of Coaches working at Government Sector Organizations**

S. No.	Marital Status	SDAT		SAI		Public Sector Undertakings	
		n :65	%	n:20	%	n:36	%
1	Married	58	89%	20	100%	36	100%
2	Unmarried	7	11%	-	-	-	-

*Source: Primary Data*

Table 5.5 clearly states that,

- i) a majority (80%) of the coaches from SDAT are married and the remaining 11 percent of them are unmarried.
- ii) all the coaches (100%) from SAI are married and
- iii) all the coaches (100%) from Public Sector Undertakings are married.

**Table: 5.6**

#### **Marital Status wise Distribution of Coaches working at Private Sector Organizations**

S. No.	Marital Status	Sports Academies		Sports Clubs		Educational Institutions	
		n :36	%	n:36	n :36	%	n:36
1	Married	32	89%	38	88%	37	92%
2	Unmarried	4	11%	5	12%	3	8%

*Source: Primary Data*

Table 5.6 clearly states that,

- i) a majority (89%) of the coaches from sports academies are married and the remaining 11 percent of them are unmarried.
- ii) a majority (88%) of the coaches from sports clubs are married and the remaining 12 percent of them are unmarried.
- iii) a majority (92%) of the coaches from educational institutions are married and the remaining 8% of them are unmarried.

#### 5.4. Frequency Distribution of Coaches based on Experience:

The frequency distribution of coaches working at government sector and private sector organizations on the basis of their experience are given in the table 5.7 and table 5.8 respectively:

**Table: 5.7**

#### Experience wise Distribution of Coaches working at Government Sector Organizations

S. No.	Year of Experience	SDAT		SAI		Public Sector Undertakings	
		n :65	%	n:20	%	n:36	%
1	Below 1 year	8	12%	-	-	3	8%
2	1 to 5 years	24	37%	-	-	9	25%
3	6 to 10 years	16	25%	8	40%	7	20%
4	10 years and above	17	26%	12	60%	17	47%

*Source: Primary Data*

It is clear from the table 5.7 that,

- i) a majority (37%) of the coaches from SDAT have experience between one year and 5 years, 26 percent of them have experience above 10 years, 25 percent of them have experience between 6 years and 10 years and the remaining of them have experience upto 1 year.
- ii) a majority (60%) of the coaches from SAI have experience above 10 years and the remaining 40 percent of the them are have experience between 6 and 10 years.
- iii) nearly half (47%) of the coaches from public sector undertakings have experience above 10 years, 25 percent of them are have experience 1 to 5 years, 20 percent of them have experience 6 to 10 years and the remaining 8 percent of them have experience upto 1 year.

**Table: 5.8**

**Experience wise Distribution of Coaches working at  
Private Sector Coaches**

S. No.	Year of Experience	Sports Academies		Sports Clubs		Educational Institutions	
		n :36	%	n:36	n :36	%	n:36
1	Below 1 year	5	14%	3	7%	5	12%
2	1 to 5 years	8	22%	20	46%	20	50%
3	6 to 10 years	9	25%	9	21%	9	23%
4	10 years and above	14	39%	11	26%	6	15%

*Source: Primary Data*

It is clear from the table 5.8 that,

- i) a majority (39%) of the coaches from sports academies have experience above 10 years , 25 percent of them have experience between 6 to 10 years, 22 percent of them have experience between 1 to 5 years and the remaining 14 percent of them have experience upto 1 year.
- ii) nearly half (46%) of the coaches from sports clubs have experience between 1 to 5 years, 26 percent of them have experience above 10 years, 21 percent of them have experience between 6 to 10 years and the remaining 7 percent of them have experience upto 1 year.
- iii) exactly (50%) of the coaches from educational institutions have experience between 1 to 5 years, 23 percent of them have experience between 6 to 10 years, 15 percent of them have experience above 10 years and the remaining 12 percent of them have experience upto 1 year.

### **5.5 Frequency Distribution of Coaches based on Monthly Income:**

The frequency distribution of coaches working at government sector and private sector organizations on the basis of their monthly income are given in the table 5.9 and table 5.10 respectively:

**Table: 5.9****Monthly Income wise Distribution of Coaches working at Government Sector Organizations**

S. No.	Monthly Income	SDAT		SAI		Public Sector Undertakings	
		n :65	%	n:20	%	n:36	%
1	Upto Rs.15,000/-	-	-	-	-	-	-
2	Rs.15,000/- to Rs.20,000/-	-	-	-	-	-	-
3	Above Rs.20,000/-	65	100%	20	100%	36	100%

*Source: Primary Data*

From the table 5.9 it is inferred that,

- i) all the coaches from SDAT belong to the monthly income group of above Rs.20,000.
- ii) all the coaches from SAI belong to the monthly income group of above Rs.20,000.
- iii) all the coaches from public sector undertakings belong to the monthly income group of above Rs.20,000.

**Table: 5.10****Monthly Income wise Distribution of Coaches working at Private Sector Coaches**

S. No.	Monthly Income	Sports Academies		Sports Clubs		Educational Institutions	
		n :36	%	n:36	n :36	%	n:36
1	Upto Rs.15,000/-	4	11%	3	7%	2	7%
2	Rs.15,000/- to Rs.20,000/-	28	78%	36	84%	24	80%
3	Above Rs.20,000/-	4	11%	4	9%	4	13%

*Source: Primary Data*

From the table 5.10, it is inferred that,

- i) a majority (78%) of the coaches from sports academies belong to the monthly income group between Rs. 15,000 to Rs. 20,000, 11 percent of them belong to the monthly income group of above Rs. 20,000 and the remaining 11% of them belong to the monthly income upto Rs. 15,000/-.
- ii) a majority (84%) of the coaches from sports clubs belong to the monthly income group between Rs. 15,000 to Rs. 20,000, 9 percent of them belong to the monthly income group of above Rs. 20,000 and the remaining 7% of them belong to the monthly income upto Rs. 15,000/-.
- iii) a majority (80%) of the coaches from educational institutions belong to the monthly income group between Rs. 15,000 to Rs. 20,000, 13 percent of them belong to the monthly income group of above Rs. 20,000 and the remaining 7% of them belong to the monthly income upto Rs. 15,000.
