

LIST OF TABLES

Table	Title	Page
I	Intra Class Co-efficient of Test and Retest Scores on Selected Variables	51
II	Summary of Mean Standard Deviation Minimum and Maximum Values on Sports Achievement Motivation of Women Players of University of Madras Bharathiar University Bharathidasan University Periyar University and Madurai Kamaraj University in Different Games	58
III	Two Factor ANOVA on Sports Achievement Motivation of Women Players of Different Universities in Different Games	63
IV	Scheffe's Test For The Differences between the Paired Means of women players of Different universities Irrespective of different games on Sports Achievement Motivation	65
V	Scheffe's Test For The Differences between the Paired Means of women players of Different Games Irrespective of different Universities on Sports Achievement Motivation	66
VI	The Simple Effect Test Scores of women Players of Universities (Rows) in four Different games (Columns) on Sports Achievement Motivation	67
VII	Scheffe's Test for the Differences between the Paired Means of University of Madras women players of Different games in sports Achievement Motivation	68
VIII	Scheffe's Test for the Differences between the Paired Means of Bharathiar University Women players of Different games in sports Achievement Motivation	69
IX	Scheffe's Test for the Differences between the Paired Means of Bharathidasan university women players of Different games in sports Achievement Motivation	70
X	Scheffe's Test for the Differences between the Paired Means of Periyar University Women Players of Different games in Sports Achievement Motivation	71

LIST OF TABLES (Contd...)

Table	Title	Page
XI	Scheffe's Test for the Differences between the Paired Means of Madurai Kamaraj University Women Players of Different games in sports Achievement Motivation	72
XII	Scheffe's Test For The Differences between the Paired Means of women Basketball players of Different universities on Sports Achievement Motivation	73
XIII	Scheffe's Test For The Differences between the Paired Means of women Handball players of Different universities on Sports Achievement Motivation	74
XIV	Scheffe's Test For The Differences between the Paired Means of women Kabaddi players of Different universities on Sports Achievement Motivation	75
XV	Scheffe's Test For The Differences between the Paired Means of women Kho-kho players of Different universities on Sports Achievement Motivation	76
XVI	Summary of Mean Standard Deviation Minimum and Maximum Values on Self Concept of women players	
XVII	Two Factor ANOVA on Self Concept of Women Players of different Universities at Different Games of University of Madras Bharathiar University Bharathidasan University Periyar University and Madurai Kamaraj University in Different games	83
XVIII	Scheffe's Test for the Differences between the Paired Means of women players of Different universities Irrespective of different games on Self Concept	85
XIX	Scheffe's Test For The Differences between the Paired Means of women players of Different games Irrespective of different universities on Self Concept	86
XX	The Simple Effect Test Scores of women Players of universities (Rows) at four Different games (Columns) on Self Concept	87
XXI	Scheffe's Test for the Differences between the Paired Means of University of Madras women players in Different games on Self Concept	88

LIST OF TABLES (Contd...)

Table	Title	Page
XXII	Scheffe's Test for the Differences between the Paired Means of Bharathiar university women players in Different games on Self concept	89
XXIII	Scheffe's Test for the Differences between the Paired Means of Bharathidasan university women players in Different games on Self Concept	90
XXIV	Scheffe's Test for the Differences between the Paired Means of Periyar university women players in Different games on Self Concept	90
XXV	Scheffe's Test for the Differences between the Paired Means of Madurai Kamaraj University women players in Different games on Self Concept	91
XXVI	Scheffe's Test For The Differences between the Paired Means of women Basketball players of Different universities on Self Concept	92
XXVII	Scheffe's Test For The Differences between the Paired Means of women Handball players of Different universities on Self Concept	93
XXVIII	Scheffe's Test For The Differences between the Paired Means of women Kabaddi players of Different universities on Self Concept	94
XXIX	Scheffe's Test For The Differences between the Paired Means of women Kho-kho players of Different universities on Self Concept	95
XXX	Summary of Mean Standard Deviation Minimum and Maximum Values on state anxiety of women players of University of Madras Bharathiar University Bharathidasan University Periyar University and Madurai Kamaraj University in Different Games	97
XXXI	Two Factor ANOVA on State Anxiety of women Players of Different Universities in Different Games	102
XXXII	Scheffe's Test For The Differences between the Paired Means of women players of Different universities Irrespective of different games on State Anxiety	104

LIST OF TABLES (Contd...)

Table	Title	Page
XXXIII	Scheffe's Test For The Differences between the Paired Means of women players of Different games Irrespective of Different Universities on State Anxiety	105
XXXIV	The Simple Effect Test Scores of women Players of universities (Rows) at four Different games (Columns) on State Anxiety	106
XXXV	Scheffe's Test for the Differences between the Paired Means of University of Madras women players in Different games on State Anxiety	107
XXXVI	Scheffe's Test for the Differences between the Paired Means of Bharathiar university women players in Different games on State Anxiety	108
XXXVII	Scheffe's Test for the Differences between the Paired Means of Bharathidasan university women players in Different games on State Anxiety	109
XXXVIII	Scheffe's Test for the Differences between the Paired Means of Periyar university women players in Different games on State Anxiety	110
XXXIX	Scheffe's Test for the Differences between the Paired Means of Madurai Kamaraj university women players in Different games on State Anxiety	111
XL	Scheffe's Test For The Differences between the Paired Means of women Basketball players of Different universities on State Anxiety	112
XLI	Scheffe's Test For The Differences between the Paired Means of women Handball players of Different universities on State Anxiety	113
XLII	Scheffe's Test For The Differences between the Paired Means of women Kabaddi players of Different universities on State Anxiety	114
XLIII	Scheffe's Test For The Differences between the Paired Means of women Kho-kho players of Different universities on State Anxiety	115

LIST OF TABLES (Contd...)

Table	Title	Page
XLIV	Summary of Mean Standard Deviation Minimum and Maximum Values on Trait anxiety of women players of University of Madras Bharathiar University Bharathidasan University Periyar University and Madurai Kamaraj University in Different Games	117
XLV	Two Factor ANOVA on Trait Anxiety of women Players of different universities in Different Games	122
XLVI	Scheffe's Test For The Differences between the Paired Means of women players of Different universities Irrespective of different games on Trait Anxiety	124
XLVII	Scheffe's Test For The Differences between the Paired Means of women players of Different games Irrespective of different universities on Trait Anxiety	125
XLVIII	The Simple Effect Test Scores of women Players of universities (Rows) at four Different games (Columns) on Trait Anxiety	126
XLIX	Scheffe's Test for the Differences between the Paired Means of University of Madras women players in Different games on Trait Anxiety	127
L	Scheffe's Test for the Differences between the Paired Means of Bharathiar university women players in Different games on Trait Anxiety	128
LI	Scheffe's Test for the Differences between the Paired Means of Bharathidasan university women players in Different games on Trait Anxiety	129
LII	Scheffe's Test for the Differences between the Paired Means of Periyar university women players in Different games on Trait Anxiety	129
LIII	Scheffe's Test for the Differences between the Paired Means of Madurai Kamaraj university women players in Different games on Trait Anxiety	130
