

LIST OF TABLES

Table No.	Title	Page No
I	List of selected variables and its test items	55
II	Efficient of correlation on selected dependent variables	57
III	Inter class co training schedules for aerobic exercise group	61
IV	Training schedules for yogic practices group	64
V	Training schedules for combined aerobic exercise with yogic practices group	67
VI	Showing the playing ability assessment score sheet	91
VII	Significance of mean gains and losses between pre and post test scores on selected variables of aerobic exercise group	97
VIII	Significance of mean gains and losses between pre and post test scores on selected variables of yogic practices group	98
IX	Significance of mean gains and losses between pre and post test scores on selected variables of combined aerobic exercise and yogic practices group	99
X	Significance of mean gains and losses between pre and post test scores on selected variables of control group	100
XI	Computation of analysis of covariance of mean values of aerobic exercise yogic practices combined aerobic exercise with yogic practices and control groups on speed	109
XII	The scheffe`s test for the differences between the adjusted post test paired means on speed	111
XIII	Computation of analysis of covariance of mean values of aerobic exercise yogic practices combined aerobic exercise with yogic practices and control groups on agility	115
XIV	The scheffe`s test for the differences between the adjusted post test paired means on agility	117
XV	Computation of analysis of covariance of mean values of aerobic exercise yogic practices combined aerobic exercise with yogic practices and control groups on explosive power	121

XVI	The scheffe`s test for the differences between the adjusted post test paired means on explosive power	123
XVII	Computation of analysis of covariance of mean values of aerobic exercise yogic practices combined aerobic exercise with yogic practices and control groups on vital capacity	127
XVIII	The scheffe`s test for the differences between the adjusted post test paired means on vital capacity.	129
XIX	Computation of analysis of covariance of mean values of aerobic exercise yogic practices combined aerobic exercise with yogic practices and control groups on vo2 max.	133
XX	The scheffe`s test for the differences between the adjusted post test paired means on vo2 max.	135
XXI	Computation of analysis of covariance of mean values of aerobic exercise yogic practices combined aerobic exercise with yogic practices and control groups on resting pulse rate.	139
XXII	The scheffe`s test for the differences between the adjusted post test paired means on resting pulse rate.	141
XXIII	Computation of analysis of covariance of mean values of aerobic exercise yogic practices combined aerobic exercise with yogic practices and control groups on playing ability.	144
XXIV	The scheffe`s test for the differences between the adjusted post test paired means on playing ability.	146
