

ACKNOWLEDGEMENT

I express my deepest gratitude to the Almighty for granting me the strength, perseverance, and clarity to complete this research successfully.

I place on record my foremost and sincere thanks to the officials from the Tamil Nadu Physical Education and Sports University for providing me the opportunity to pursue my doctoral research and for offering the academic framework, regulations, and support essential for the successful completion of this study.

I extend my heartfelt thanks to the Registrar, the Research Coordinator, and the Librarian of the TNPESU for their guidance, administrative support, and access to valuable research resources throughout the study.

I extend my sincere thanks to the Principal and the Management of Y.M.C.A College of Physical Education for providing the academic environment, facilities, and encouragement required to carry out this research.

I also gratefully acknowledge the members of the Ethical Committee of Y.M.C.A College of Physical Education for reviewing and approving this research work and for ensuring that the study adhered to ethical standards.

I extend my heartfelt appreciation to my respected research guide, Dr. A. Merlin Thanka Daniel, for his constant guidance, scholarly insight, patient supervision, and unwavering encouragement throughout all stages of this research work.

I gratefully acknowledge the valuable suggestions and expert inputs offered by the subject experts, Dr. S. Thirumalai Kumar and Dr. E. Simson Jesudass, which significantly enriched the quality of this thesis.

My sincere thanks to Dr.Prince Boaz Edwin medical officer for his medical guidance and support, and to Mr. K. Mugil & Ms.Deepa Saranya, physiotherapists, for professional

assistance during the intervention process.

I express my special gratitude to the special educator Mrs. Sujatha and Mrs Kavitha of the Y.M.C.A College Special School for the continuous support and cooperation extended during the study.

I am thankful to Dr. Prabhu, Librarian, for facilitating access to essential books, journals, and research materials.

I extend my thanks to the staff members and administrative staff of Y.M.C.A for their cooperation and timely help throughout the research period.

I extend my thanks to to the IPAP team for their dedicated involvement in implementing the program and assisting with data collection.

I extend my sincere thanks to the YMCA volunteers from M.P.Ed. I year (2025-2026) batch for their valuable support and assistance in the data collection process throughout this study.

I am immensely grateful to all the children who participated in this study with enthusiasm and sincerity. I also thank their parents for their trust, consent, and continuous support during the intervention.

I extend my warm thanks to my friends and well-wishers for their motivation and moral support.

Finally, I acknowledge with love and gratitude my family members for their unconditional support, patience, and belief in me, which made the completion of this doctoral research possible.
